*'OCF has given me the opportunity to play competitive sport again and feel part of a team of people that understand and don't judge. I feel I have a sense of purpose again and always something to aspire to, to keep me motivated and not dwell on what I can't do anymore but all the new skills I have now learnt. There is not a better combination than being out in the fresh air, playing sport with a fantastic bunch of likeminded people. All my worries, concerns and fears for the future seem to leave me whilst on the golf course.'*
